

# One Big Sky

By Michael Tyrrell

## Verse 1

**Em G A Em Em G A Em**

Like an eagle on the wind, like a ripple in the sea

**C D Em**

They learned the secret: we're as free as we want to be

**Em G A Em Em G A Em**

There's no string to hold me down, I've escaped the fear of man

**C D Em**

What was lost, it must be found, it's all part of the plan

## Chorus

**Am7 Bm/D C**

Will you live or will you die?

**Am7 Bm/D C**

It's time to spread your wings and fly

**D Em**

Under one big sky

## Verse 2

**Em G A Em Em G A Em**

Children waiting in the wings, while their fathers build in vain

**C D Em**

They don't understand the castles in the sand

**Em G A Em Em G Em**

Through the hourglass of time I see the changing of the guard

**C D Em**

The house of Saul has passed away, the heart of David lives today
